SUMMARY

5+ years across customer, marketing and product roles. Leading customer success since June 2025 for 2 crypto trading products, including the accounts behind nearly 80% of sportsbook volume. Nearly doubled signup-to-active conversion.

EXPERIENCE

Barter Technologies | Customer Growth and Success Lead | Feb 2025 - Present

DG3 Sportsbook and DG3 Prediction Market Terminal.

Customer success

- Sole owner of customer success since June 2025: 600+ issues, 90%+ resolved cross-functionally with engineering.
- Ran monthly voice-of-the-customer reviews with the CEO: every issue, fix and recommendation. Flagged search as the top failure, fixed in the rebuild.
- Cut deposit and withdrawal issues from 2 a week to 2 a month, and transaction failures to zero, by pushing provider switches with engineering.
- Main contact for the 5 accounts behind nearly 80% of the sportsbook's lifetime volume: \$8M+ traded under my management.
- Cross-sold our biggest trader onto DG3 Prediction Market Terminal: \$2M+ in July and August.
- Ran product demos and wrote how-to guides for partners and new hires.

Growth

- Nearly doubled new-user adoption in 2 months, from 31% to 59% signup-to-active. Found a CRM segmentation leak dropping 40% of new users from onboarding and rebuilt the lifecycle email journeys.
- Onboarded 376 users from 33K cold leads across 44 X campaigns targeting followers of 15+ competitors.
- Managed the main X handle, June to November 2025: 3.5M impressions. One campaign brought in \$32K in volume.
- Built Esports Signals, an AI-assisted pricing model for Polymarket esports markets fed by 5 live data sources: 229 calls, 68% correct, 17% return.
- Built an AI-assisted signup email flow on my own: a Supabase webhook sends an HTML email through Resend, confirming 550+ waitlist signups.

Dahlia Technologies | Apr 2023 - Jan 2025

Singapore software company. Ran My-BagTags, an NFC and QR luggage tag with a companion app.

Product Manager | Apr 2024 - Jan 2025

- Took 1,500 units through production 2 weeks early at 30% lower material cost.
- Defined requirements and wireframes with 10+ stakeholders.

Marketing Executive | Apr 2023 - Mar 2024

- Made product guides and induction videos in Synthesia, cutting onboarding from 5 days to 2.
- Delivered vendor-built stalls for Breakbulk Middle East and Netherlands on schedule.

Yatrik Arts | Assistant Merchant | May 2021 - Dec 2022

- Won leads at IHGF Delhi Fair, including TJ Maxx, and closed a first order of 3 containers worth EUR 9,000.
